

THE PIT•FIT CAN LINER SYSTEM

Slim Jim

Our Pitt•Fit size is the 29 x 44

Other sizes that tend to find their way into a Slim Jim include the 40 x 46 and once again the ever popular 38 x 58.

Once again, when based on the same price/lb and gauge, using a Pitt•Fit 29 x 44, you save:

46% vs the 40 x 46 & **73%** vs the 38 x 58

**These savings
are huge!**

Pitt•Fit is a comprehensive product offering from Pitt Plastics. We have taken a closer look at the most common and popular trash receptacles and found the perfect fit for each. We've eliminated the guesswork and provided a solution. We have the bags you need and that equates to savings in money, time and plastic.

Money Savings

So just how much savings can one expect when they go Pitt•Fit?

44 Brute

Based on the same price/lb and gauge, here are the savings on a 44 Brute.

We recommend a 37 x 50 to do the job, but sometimes the popular 38 x 58 is used.

By utilizing a 37 x 50 for this container you can save **19%**

32 Brute

We suggest a 33 x 44 for this receptacle. Alternatives for this have included a 40 x 46 and 38 x 58.

When you factor in the same price/lb and gauge, you'll see that Pitt•Fit provides:

13% over the 40 x 46 & **36%** over the 38 x 58
